For That Home-To-Be...
PLANNED TELEPHONE SERVICE!

Telephone service . . . like gas, water and electrical facilities . . . should be planned in advance. Telephone wiring can be as modern and inconspicuous as plumbing and electrical work *if provisions for it are made before your home is built.*

Rigid, flexible or thinwall conduit, placed in walls and floors by your contractor, eliminates exposed wiring on baseboards and moldings and enables you to have *built-in telephone outlets* wherever you desire in your home-to-be. Costs are nominal. The telephone company provides wires and wiring work. You merely have the conduit installed.

Your telephone company will be glad to give you further details on request. Just call our business office and ask for:

The triumph of man's engineering skill over the forces of nature in the city's march to metropolitan size has been celebrated in prose and poetry throughout America.

Situated in one of the wonder scenic regions of America, Gary has the largest steel, rail, tin and cement plants in the world, a world famous educational system, and boasts a public spirited citizenry that continues to beautify and improve this wonder city of the Twentieth Century.

Gary's facilities for transportation by rail and water have been one of the important causes of its remarkable growth. The city is served by the Baltimore & Ohio, Chicago, South Shore & South Bend, Michigan Central, New York Central, Nickel Plate, Pennsylvania and Wabash railroads. There are, in addition to these, two belt lines serving the industrial district while numerous motor coach and interurban lines connect with points to the south, east and west. Excellent bus service is operated to all sections of the city by the Gary Railways Co.

Recreation

The sand dunes of the Calumet Region have long been the source of attraction to naturalists, geologists and pleasure seekers from many points. The Indiana Dunes State Park, which is being improved by the State of Indiana, is located a few miles east of Gary along the shores of Lake Michigan.

The Gary Park System contains fourteen beautiful parks which offer recreation and diversion of all kinds. There is ample provision for golf, tennis, baseball, picnicking, swimming and boating, while numerous playgrounds offer carefully supervised recreation for children. Gary has several fine theatres of beautiful design.

Education

No single institution can offer a greater testimonial to Gary's civic growth than its unique educational system. The Gary Plan is designed to give the boys and girls of Gary a balanced program in work, study and play for as long a school day, week, and year as possible. Eight of Gary's school centers house kindergarten through high school. One other center provides activities in kindergarten through the eighth grade; and the remaining fourteen provide an educational program for kindergarten and primary pupils. The Gary schools emphasize diverse educational opportunities such as recreation, night school and summer school. There are, in addition in Gary, eleven well equipped parochial schools.
